Gemologist

Rigel

This is to certify that this ring is crafted in 18Kt yellow gold (750 fineness), with a total weight of 2.9 grams.

The ring is set with a Lab Grown diamond, accompanied by gemmological certificate no. LG650497689 issued by the International Gemological Institute (IGI), confirming its laboratory-grown origin and gemmological characteristics.

The certificate number is laser-inscribed on the diamond's girdle and is visible under 10× magnification, allowing the stone to be matched to its accompanying certificate.

The warmth of yellow gold and the radiance of the diamond come together in a jewel of refined elegance, designed to cherish a heartfelt sentiment and bring its memory to life each time it is worn.
